## SUBMISSION CONTENT

1. The Project Team shall consist of the submitting designer, the client, plus 2-5 additional Team Members who made significant contributions to the project and who are not associated with the submitting design firm. You will be asked to provide the following information for each Team Member.

- Company name
- Contact name
- Profession/specialty
- Contact email address

Please be sure to enter the correct spelling and full name of each company. Company names cannot be changed after submitting. Examples of additional Team Members are the general contractor, important subcontractors, furniture manufacturers or dealers, or design consultants.

2. Submissions will be judged anonymously. Submissions are to include a narrative of no more than 1,000 words. The narrative may include the name of the client or project, but must not include the names of the design firm or other team members to maintain anonymity during judging. However, if you are submitting your own firm's office, you may not include the design firm as the client or a team member in either the narrative or the photos. The narrative is to include a brief background of the client and a description of the project. Explain the design philosophy behind the project – the “big idea”. Describe the major goals of the project, and how those goals were achieved through the power of design. Explain any unique challenges of the project, and how the team collaborated to resolve the challenges. How is this project different from other projects – what makes it deserving of a Calibre Award?
3. Up to six high resolution images of the completed project may be submitted. Renderings are not allowed. The images must be supported by the narrative. One of the images must be a floor plan of the space. Images must be high resolution JPEGs at a minimum size of 8” x 10” at 300dpi. You will be asked to choose the featured image to be used in promotional materials - this image must be horizontal aspect. We recommend it be a representative interior shot. Images may contain the name and/or logo of the client.
